TUMOR OF FOUR YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

South Bend, Ind.—"Lydia E. Pinkham's Vegetable Compound removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They said that only an operation could help me. I am very glad that I followed a friend's advice and took Lydia E. Pinkham's Vegetable Compound, for it has made me a strong and well woman, and I shall recommend it as long as I live."—Mrs. MAY FRY, Lindley, Ind.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give confidence and hope to every sick woman.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you, I am free from all that this morning. THE LAW WAS VIOLATED IN A NAVAL CHANGE

A Vacancy in the Head of the Bureau of Steam Engineering.

Washington, May 13.—The decision of Attorney General Wickensham, made public by Secretary Myer today, apparently settles the controversy over the question of whether Rear Admiral John K. Barton, continues legally to hold the office of chief of the naval bureau of steam engineering. The attorney general says in effect that he does not, and that the post of chief of that bureau is vacant, that the rear admiral, having been retired by the board of medical survey of the navy, thereby vacated the office of engineer in chief.

Chief constructor Washington L. Capps, following Rear Admiral Barton's retirement on Dec. 22 last, was appointed to act as head of the bureau, but this appointment, the attorney general says, did not fall within the provision of section 179 of the revised statutes, since the vacancy was not caused by death, resignation, absence or sickness, but by the compulsory retirement of Admiral Barton, and the vacancy thus created can be filled only by the president pursuant to law. The resignation of Admiral Capps by former Secretary Newberry was in line with the latter's plan for a reorganization of the navy and was intended only to be temporary.
